

Santolin

SANTOLIN 'GRUYERE' PINOT NOIR 2018

Grapes

100% Pinot Noir

Syme on Yarra Vineyard, Lower Yarra Valley

Vineyard Notes

This wine is produced from fruit grown on a single block in the Syme on Yarra Vineyard, Gruyere. This block is located approximately 150m above sea level and covers some of the most uniform clay loam soil profiles across the whole vineyard. The vineyard has a gentle east facing slope, minimising frost risk and maximising sunshine exposure, with good rainfall across the whole block. The vineyard is hand pruned with vertical shoot positioning and shoot thinned when required throughout the growing season.

The 2018 growing season saw a cool and relatively moist winter and spring which pre-empted a warm, dry summer, resulting in another stunning vintage for the Yarra Valley.

Winemakers Notes

This wine has been hand crafted with minimal intervention. Hand picking commenced early on February 26, 2018. Grapes were then chilled overnight. 25% whole bunches and 75% whole berries underwent natural fermentation in a small open pot over a 14 day period with gentle hand plunging. Once dry, the ferment was left on skins for one week and then pressed to a mixture of new and old French oak barrels where it underwent natural malolactic fermentation. On completion of malo, the wine was sulphured then matured on lees for 10 months. This wine was carefully racked then bottled. It was not fined or filtered before bottling.

Alcohol
13.0%

pH
3.4

TA
6.4 g/L

Cellaring
8-10 years

Fermentation
Open fermenters

Oak Maturation
10 months in 100% French oak - 30% new

Tasting Notes
Medium bodied on the palate with wild strawberries, dark cherries and plums with a subtle earthiness.

Total Production
135 dozen

Additional Notes
Suitable for vegans

Release date
1 May 2020

Overview
This wine has been made using minimal intervention from the winemaker. Fining agents are not used, fermentation temperatures are left to run naturally and the wine has not been filtered. The aim being to create a wine true to the region and variety.
